

TEXAS REVOLUTION PENSION APPLICANTS

The following list of applicants for Texas Revolution pensions was provided by Mike Patterson, a member of the Tarrant County Historical Commission. It was obtained from the Texas State Archives in Austin, Texas.

The act which created the pensions was approved by the governor of Texas on July 28, 1876. This act granted a pension of \$150 per year to every surviving indigent veteran of the Texas Revolution, to every signer of the Texas Declaration of Independence, or to the unremarried widow of such veteran or signer. When it became evident that there were many more pensioners than there was money available, the act was repealed on March 13, 1879. Texas was short of money, but it possessed much public land. Thus, an act was approved which gave 640 acres of land to all those indigent veterans, signers, or their unremarried widows who were then on the pension list.

To be eligible for this donation the applicant had to go before the judge of his county and to prove that he was physically unable to support himself, that he did not own over \$500 worth of property, and that he had not sold land in excess of \$500 within the last twelve months. After a thorough examination of the applicant's record, the commissioner of the General Land Office of Texas was authorized to issue the donation certificates. By 1881 an act was approved increasing the veteran donation grant to 1,280 acres, broadening the coverage to include all surviving soldiers of the Revolution and dropping the requirement that the recipients be in indigent circumstances.

Research material for the veteran donation grants is plentiful. The certificates were issued by the commissioner of the General Land Office, and the original stub-books are to be found in the Land Office, along with a complete set of files called "Veteran Donation Files." These files contain much valuable information about the veterans who applied for pensions. The law which provided for these veteran donation grants was repealed on February 15, 1887.

Of the 56 known cemeteries listed in Jack County, Texas, the following (to my knowledge) have not been used in the past 20 years to bury anyone: Sanders Cemetery; Carroll Creek Cemetery; Anderson Cemetery; Kilby Cemetery; Groveland Cemetery; Ham Cemetery; Garrett Family Cemetery; Long Hollow Cemetery; Westbrook Cemetery; Cooper Cemetery; Degress Cemetery; Trinity Cemetery; Morrow Cemetery; Verner Cemetery; Loyd Cemetery; Lone Valley Cemetery; Howard Valley Cemetery; Montgomery Cemetery; Henson Cemetery; Unnamed Cemetery; Revo Cemetery; Springdale Cemetery; Price Cemetery; Wood Cemetery.

There is also a cemetery south of Senate, where I understand there are several graves located.

There are two known graves near the S.C. Cooper Ranch House where a man and his wife were killed by the Indians. These graves were moved about 30 feet for a farm-to-market road.

(Editor's note: Mr. Smith is quite knowledgeable about the cemeteries in Jack County, having been in the funeral business there for many years.)

PETITION OF E.H. TARRANT, et al, 2 Sep 1851

The undersigned petitioners, members of the Brigade of Texas volunteers, under the commands of Brig. Genl. E.H. Tarrant in the Service of The Late Republic of Texas in the year A.D. 1841, would respectfully represent unto the members of the next Session of the Legislature of the State of Texas, that the companies of Capt. John D. Love & Capt. David P. Key in said brigade, were in Said Service for three months, but that the muster rolls of said companies returned by said Capts. to the Adujt. Genl. office are incorrect, in this, that they represent Said companies as having been in Service for only thirty odd days, when in fact Said companies were mustered into Service on the 5th day of July A.D. 1841, and were discharged from Said Service on the 5th day of Oct. A.D. 1841, therefore Said companies are entitled to three months pay for Said Service.

Petitioners therefore pray that the members & officers of Said company be allowed three months pay for Said Service.

This 2nd Sept. A.D. 1851.

HISTORY VS. TRADITION

From Ridpath's With the World's People pp. 51,131 of Vol. I.

"We must remember constantly the difference between history and tradition. The first rests, however remote the subject-matter may be, on the testimony of witnesses contemporary with the facts described; the latter reposes on the testimony of those who were removed in time or place, or both, from the circumstances and events constituting the subject-matter of the story. History transcribes directly from the eyewitness, the earwitness, of the event, or from the manuscripts and sculpture made by them; while tradition repeats a narrative which has been transmitted from tongue to tongue, transformed through all the uncertainties of memory and speech, and delivered to the fixedness of literary form only after the lapse of generations.

"If a great period of time have elapsed between the one and the other--if the tradition have thus been subjected to the modifications, exaggerations, and reflections to which all stories are subject so long as they dwell on the tongues of men, then, indeed, is the tradition of small importance considered as a material of history. But if, on the other hand, only a single generation or fraction of a generation have intervened between the date of the event and the record which preserved the story, then we may allow to the tradition a weight almost equal to that of true historical narrative."

Petition for Protection from Indians
 Wise County, Texas, 27 July 1866

To the Honorable, the House of Representatives at the City of
 Austin Assembled:

Your Petitioners, Citizens of the County of Wise and State of Texas, would respectfully represent to your honorable body through our representation that we are citizens of the frontier, consequently exposed to many privations and dangers incident to a frontier life, and that since the late war has ended, we have been entirely left unprotected until recently, when a few soldiers belonging to the United States Army have been Stationed at Jacksboro & Fort Belknap, which force is entirely inadequate for our protection. Bands of hostile Indians and and reckless white men & negroes are constantly committing crimes and depredations in our country unequalled in any portion of the history of this country. It appears from the late events that the frontier Counties have been Selected as a field of operations for thieves of all Kinds and Color. The good citizens of this Country have protected themselves for a long time as best they could, but our citizens are now leaving their homes and Seeking places where they will not be disturbed by Indians and those cooperating with them, and if we do not get protection Soon, the frontier counties will be abandoned, which will be against the Interest and reputation of the State as well as against our interest. Thousands of Cattle have been driven from here, Northward and by whom it is difficult to Say either by Indians or white thieves & probably both. Our horses are driven off day & night, often in presence of their owners, and last but not least our citizens are continually being murdered & Scalped their mangled bodies often left for days for birds & beasts, many have been captured and carried off, and very probably put to the Severest torture, that Indian ingenuity can invent, and if now living are lingering out a miserable existence far from homes, friends, Parents, brothers & sisters, and in an uncivilized country amidst Savages. Two little boys aged 8 & 10 years, Sons of Moses & James Ball, were captured by Indians about 8 months ago and have not been heard from. About 3 months ago Johnson Miller, a citizen of Decatur, Wise County, was killed and terribly mangled by Indians in daylight and within a few miles from Town. George Halsell a young man a citizen of this county was murdered by Indians while on the Wichita hunting Cattle. Many instances of the Same Kind could be given but we deem it unnecessary. Now we appeal to you as the representatives of the people to legislate in our behalf as you think best, and the emergency requires--place yourselves and your families in our Situation for a moment, and view it, Suppose one of your Children to be a captive, a thing very probable if you resided here, bring the Subject home, and deal with according to the dictates of Your Conscience, and we feel assured that we will get protection. This we ask and if granted will ever pray & c--

July 27/66

Since writing the above the Indians have come within One mile of Decatur & State & drove off 211 horses--

SAN FRANCISCO EARTHQUAKE

The earthquake that rocked San Francisco on April 18, 1906, killed 478 people according to the official report made by the 1907 Board of Supervisors. However, Mrs. Gladys Hansen, San Francisco City Archivist, has made a thorough search of all available records, and has arrived at a total of 826 known dead. She believes that even this is too low, and is asking that anyone having knowledge of any person killed in the 1906 disaster to write to her at the address below with whatever information they have. The names of the dead will be entered in the official roster in the Public Library, available to researchers of history and genealogy.

(Editor's note: An Associated Press story dated December 13, 1984, reported that the death toll at that time had risen to 1500.)

JOHNSON, HODGES, DUNCAN, DRAIN

Seeking information on the parents of Samuel Johnson, born around the year 1825 in Cherokee County, GA. His wife Sarah was born 1827. Both are shown on the 1860 census for Cherokee County as being born in GA. Their son, William A., born 1855, married Sarah Duncan. They moved to TX after 1891, first to Henderson County, and then to Clay County. Where are William A. and Sarah buried? He was a blacksmith by trade. Their son, Samuel, born May 1882, married Atha Jane Hodges, born Collin County, TX, September 1884. Her parents were Allan G. Hodges and Josie L. Drain. Will share information.

PALO PINTO COUNTY MARRIAGES
BOOK B 1882-1892

Courtesy of Mr. John Winters, Palo Pinto County Tax Assessor--
(Book B -- compiled by Mrs. Helen Hovey, Mineral Wells, TX
Jottings: Ministers did not indicate church affiliations. A
few who filed the final papers did not identify their title. I
am told there were many "circuit preachers" and elders who
performed ceremonies. The spelling is confused, but I copied as
written. The coal mines in Thurber accounted for some of the
unusual names, perhaps.)

JOHN CARLTON BROWNFIELD, son of Do, was born October 13th 1844.

NANCY EVALINE BROWNFIELD, daughter of Do, was born July 13th 1846.

WILLIAM ALLISON BROWNFIELD, son of Do, was born February 22nd 1848.

MARGARET MALINDA BROWNFIELD, daughter of Do, was born December [n.g.] 1849.

CINTHIA EMILINE BROWNFIELD, daughter of Do, was born September 8th 1851.

Notes by NTS:

Three of the above sons came to Texas— SAMUEL J., JOHN C., and WILLIAM A. BROWNFIELD. Need to contact descendants (see Queries). The others remained in Alabama. ELIZA JANE BROWNFIELD married ELIJAH RENSHAW INGLIS, SR., in whose Bible the BROWNFIELD data was found. The father, THOMAS BROWNFIELD, died in Alabama by 1858. In 1860 some of his younger children were living with relatives. The youngest son, WILLIAM A., was living with RASH relatives in Johnson (Hood) County, Texas, and CINTHIA with an ALLISON uncle in Alabama, but other younger children have not been found on 1860 censuses.

These BROWNFIELD children were the grandchildren of JAMES LOWERY ALLISON (1797-1877) and wife, nee MARY CARLTON (1795-1860), who, with some of their married children, came from Jackson County, Alabama, to Acton, Texas (present Hood Co.) ca1858, where he became a merchant. He is erroneously called "John" L. Allison in Hood County histories. His wife, MARY, died in 1860 and was buried in the Acton Cemetery, was mother of 12 children. JAMES L. ALLISON returned to Alabama, married again, and had 5 more children. Some of his older married children remained in Texas.

Through marriages, the ALLISON children were allied with the families of ROREX, McPHERSON, BROWNFIELD, McCRARY, MATTHEWS, SHIPP, ALLEN, CORN, RASH, RIPPETOE, BELL, HALL, JENKINS, and WASHINGTON. Texas descendants are buried in the following cemeteries: Acton, Fall Creek, and Lipan (Hood Co.), Georges Creek (Somervell Co.), Bethesda and Alvarado (Johnson Co.), Bosley (Palo Pinto Co.), Bear Creek (now under Benbrook Lake, Tarrant Co.), also cemeteries in Comanche, Erath, Stephens and other Texas counties. It is believed that, at one time or another, the 3 BROWNFIELD brothers may have lived with Texas relatives.

BOOK REVIEWS

BOOK REVIEWS by Patricia Chadwell Jackson

King, Larry. A BEDWELL FAMILY. Hendersonville, Tenn.: The Author, c.1982. \$25.00 (Order from Larry King, 100 Longview Drive, Hendersonville, TN 37075.

This slickly done family history is a record of fourteen generations of the descendants of Thomas Bedwell of St. Giles Parish, Cripplegate, London, whose son Robert ;came to the new world in 1661 and settled in Farnham Parish, Old Rappahannock (now Richmond) County, Virginia. It contains over 2,500 other surnames, with extensive treatment of every very common name in the United States, plus Adee, Alexander, Alumbaugh, Bales, Bayer, Bidwell, Bishop, Booker, Casteel, Coffin, Colbert, Cornett, Currey, Driver, Enochs, Ferris, Fitzpatrick, Franklin, Frye, Gammill, Harrell, Hash, Head, Jewell, Kirkpatrick, Madison, Milford, McAlister, McKinnon, Osborne, Padgett, Parsons, Peart, Peverley, Plude, Poe, Reeves, Rooksberry, Sage, Schmitter, Snow, Stogner, Stringer, Tew, Towerly, Trice, Warrick, Watts, Waugh, and Wolfe.

The book is an ambitious project. Mr. Bedwell has done a prodigious amount of research simply to identify the many descendants. Each is given a sketch, which can vary from three lines to sixteen or more. The sketches are of the "Who's Who" variety; frankly, we'd like to see a little more documentation, but any Bedwell, or, for that matter, any genealogist with southern lines, will want to take a look at this one to see if one of his or her ancestors is included. That will be easy, because the book has an excellent index.

DeLeon, Arnoldo. SAN ANGELENOS: MEXICAN AMERICANS IN SAN ANGELO, TEXAS. San Angelo: Fort Concho Museum Press, 1985. 175 pp. Includes photographs, maps, genealogical tables, bibliography and index. \$25.00 hard cover, plus \$1.28 tax for Texas residents: \$12.95, plus \$.66 tax. Add \$1.50 for shipping and handling.

It is long past time for people of hispanic descent who are interested in research to find materials to help them research their lineages. While most of this book is history, and modern history at that, there is an appendix with written accounts of prominent families of Mexican-American descent in San Angelo, which are accompanied by genealogical tables. A similar effort should be made to record the story of the Hispanic community in every major Texas city and every Texas county. Senor DeLeon has done a superb job of local history, which should be in every major genealogical collection in Texas, and spread widely through

other Texas libraries to serve as an example of what can be done by a historian of a minority group. An excellent job.

TWIN CENTENNIAL COMMEMORATIVE HISTORY; EDNA-GANADO, 1882-1982. Edna, Texas: Texana Foundation, Inc., Twin Centennial Committee, 1982. Inquire of Karen Hett, P. O. Box 91, Edna, Texas 77957.

This book is an abbreviated version of the "mug" books which have been done since the Bicentennial. It contains histories of the two cities, mostly based on reminiscences of older residents, photographs, and accounts of early residents of the area and their families submitted by descendants. It is in paper cover, and is somewhat shorter (96 pages) than the books which cover full counties. Its major lack is an index, which could be easily supplied. We hope the people who produced it give some thought to doing an index to sell to those who purchased the book. It will prove useful to genealogists because of the family histories, and because it contains a list of the heads of families in the two cities in 1900 and their wives. Anyone working in Jackson County, and all Texas libraries should add this to their collections.

Hett, Karen McCann. JAMES MCCANN AND SARAH S. VIBER: HISTORY AND GENEALOGY OF THEIR DESCENDANTS, 1828-1983. Edna, Texas: the author, 1983. (Inquire from Karen Hett at the above address.)

Good! That nasty problem of no index has been eliminated from Karen Hett's account of her own family. She has done a nifty, nifty job of presenting her family history, accompanied by an every-name index.

This book is distinctive in several respects. Ms. Hett's Introduction includes information of variant spellings of the name; how she researched the ancestry; how she proved the line, and remaining problems to be solved. She enumerates the descendants, giving basic genealogical information, then fleshes out this skeleton with biographical sketches. The ancestral couple is from Lawrence Co., Ala.

Allied lines include, of course, Sizer, and Anderson, Barber, Barnett, Brooks, Brown, Dickey, Dixon, Gibson, Glenn, Golden, Hale, Harper, Karber, Knight, Malone, Martin, Ray, Turner, Winborn, and Wooldridge, among the more frequently mentioned in the index.

Anyone with known McCann connections will be interested in this one.

WILLIAMS, BRAZZLE

In 1880 Samuel H. Williams was married to a Dovice A., with five children. In the 1900 census he is married to my great-grandmother, Gatsy Lee Brazzle, with seven children. He died in 1903 of smallpox, and the family supposedly buried him in Tarrant Co. on their land by the Brazos River. I know this is the right person because I spoke to some elders in the family and the names of his children are the same as these people have told me. Dovice apparently died from childbirth, and from what I can find out, Sam must have married Gatsy Brazzle about 1882. Any assistance will be appreciated.

PETERS COLONISTS IN TARRANT COUNTY

Compiled by Dee Barker, 2200 Oak Knoll Drive, Colleyville, TX

The following is a list of bona fide Peters Colonists who were issued certificates for land from Commissioner Thomas William Ward or the Courts as Peters Colonists, each of whom patented all or part of his claim himself in Tarrant County. Seymour Connor's system for evaluation assumed that if a person patented his own claim himself it was probably his residence and his "homestead." Exceptions would be rare.

The list includes the names of those colonists whose heirs patented the certificates due to the death of the colonist. In some cases the heirs claimed land that the colonist had settled in Tarrant County. In other cases the original colonist did not live in Tarrant County, but his heirs patented the claim there. These colonists' names are included because their heirs were living in the colony and, though not of that household, must be considered members of the colony who established residence in Tarrant County.

FOOTNOTE

The list of colonists was compiled by using Barksdale's records of colonists, Abstracts of Land Titles of Texas, the map of original land titles in Tarrant County, census, and Seymour Conner's profile of colonists.

(Editor's Note: A certified copy of Certificate No. 1523 from the General Land Office in Austin lists the name James Cate instead of Thomas Cate, as given in this report.)

Many other graves marked only with bois d' arc stakes. Local tradition says that a member of Jesse James' gang is buried here. Perhaps one of the readers might identify. It is known that Jesse James visited the Yoakum family.

Since we have not published information recently about our deadlines for materials, it perhaps is time to do so. Most of the copy for major articles to be included in coming issues is typed and ready for the publisher three months in advance. Thus any contributions should be turned in to the editor well before this time. The following will be deadlines for queries and for advertising copy: February issue -- December 1; May issue -- March 1; August issue -- June 1; November issue -- September 1.

The last date given on this register was 1908. All of these people joined the church from the period of 1886 to 1908. Repitition of names could have been caused by the person's having moved away for awhile. M.F. Cates was M.F. Davis after she remarried and returned to Rhome from Alvord. This Register occasionally gives the name of the spouse to whom one was later married, and sometimes it gives the death date for the person. Information on how and when the person joined the church is given, whether it was by baptism, vows, certificate, or by order of the church conference. Dates are usually given for these last event.s The Register is located in the files of the United Methodist Church in Rhome, Texas.

PROTEST BY CITIZENS AGAINST ANNEXATION BY FORT WORTH

The State of Texas,
Tarrant County.

Dec. 20, 1890

To the Senate and House of
Representatives of the state of Texas.

The undersigned Citizens of said County who reside in a Territory near the southern limits of the City of Fort Worth, west of and adjoining St. Louis Avenue, and south of and adjoining Terrell avenue, as will more fully appear from the map of the City hereto attached, and marked "Exhibit"A" do most earnestly protest against the passage of, Bill number.

Entitled

Because-

1st- We do not want to become a part of the City of Fort Worth.

2nd- To force us to become a part of the City will be undemocratic and violative of a fundamental principle of Republican Government.

3rd- Very much of said Territory is owned in large unimproved bodies; and in Homesteads, while other portions of it are used only for farming and pasture, and hence, cannot become a part of the City (without extreme legislation now protested against) under the principle announced in the decision of our Supreme Court in case of "The State Ex.El.W.F. Taylor vs. Edison et al 76 Tex 302"

4th- Fort Worth owes an immense bonded debt; Her total indebtedness is considerably over one million dollars while she has an inflated valuation of \$22,000,000.00 and a City Tax rae of \$1.08 on the one hundred dollars, and we do most Respectfully and earnestly protest against being made to pay any part of this vast debt created without our consent.

5th- There is not a Storehouse, or even a Butchershop in said Territory and in our opinion its incorporation into the City is sought for with an eye single to an increased Tax list to enable the issuance of more bonds.

Very respectfully,

I.W. Wilkins

Dear Fellow Fort Worth Genealogical Society Members

I'd like to begin by thanking you for your lovely gift to my husband and me, and for the wonderful welcome you gave to E.J., who is enthusiastic about becoming a part of the Fort Worth Genealogical Society, although I have yet to kindle any enthusiasm about genealogy in him. The money tree was a total surprise, and a lovely, lovely thing for you to do.

Our new year in the Fort Worth Genealogical Society is now well underway. We can congratulate ourselves for being a vibrant, active society at our advanced age of twenty-eight. The average life of an organization such as ours is ten years. Thanks to the hard work of many, many people in the years preceding this one, we are still going strong. We hope that this will be another one of the years which makes the Fort Worth Genealogical Society better and better.

One of the things we intend to do this year include revising the bylaws to make room for special interest groups under the aegis of the Society. These will include, but not be limited to, a computer genealogy interest group.

We hope to improve the range of supplies and services we provide to our members. We plan to offer new forms to be used in abstracting data from source materials, planning research, and keeping records.

Your officers have a number of ideas for things for the Society to accomplish. However, from experience, which is one thing I bring to you as your President, having belonged to the Society since 1963, this organization functions best when most of the membership is enthusiastic and involved in its day-to-day life. This means that we need your input; your ideas for projects, your suggestions for services which we can provide to our members, and your participation in setting goals for the organization and accomplishing them. I want to hear from you. Those of our members who live outside Fort Worth are welcome to write to me at the box; those who live in Fort Worth, to give me a call. The phone number has changed several times in the last year, and is subject to one more change. Until April 1, 1985, you may reach me at 877-1133; after that, the number will be 534-4162. Please let me hear from you.

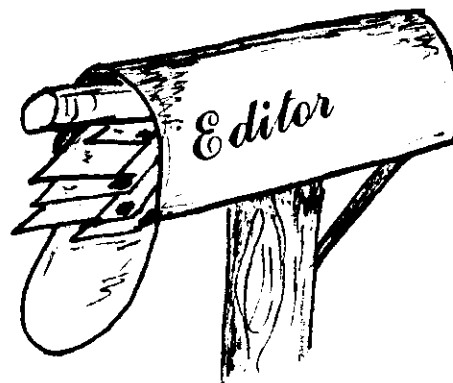

Patricia Chadwell Jackson

It was with some trepidation that I decided to accept the job as editor of your quarterly. Perhaps I felt inadequate to take over after the excellent job that Lucille Miller has done. But Lucille has consented to act as advisor to help me over the rough spots. Also, I have found some other excellent friends who will work with me. Barbara and Rogers McLane, W.A. Satterwhite, Jr., Bertie Dancer, Merle Ganier, Pit Dodson, Florine Waters, Carolyn Waters, and Mr. and Mrs. Scott Fikes have been invaluable help this past year when I was assisting Barbara McLane with the quarterly. They have agreed to help me this year. So I am embarking on my first year as editor. We shall be happy to have your comments about the quarterly.

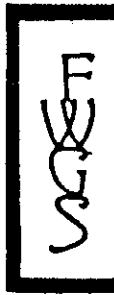

Do you or your neighbors have any old Bible records stored in the attic that you could share with our readers? Please help us by making a legible copy for us to work from. We have many, received in past years, that are most difficult to read, and the person who is familiar with the record is the best one to read it accurately. Be sure to copy it exactly, even if the writer was grammatically incorrect. Many people wrote "born" as "borned" in other days; so leave it the way they wrote it. There is something very dear about those old Bible entries made by a mother who loved her family very much. Why correct it?

We would especially like to have county records from the counties surrounding Tarrant, as well as more Tarrant county material. If you would be willing to spend some time in abstracting these materials, we will be very happy to receive them. We publish material from the time before 1920.

Remember how important it was to you when you found a marriage, birth, or death date for your great-great-great grandmother? Help someone else to find this important information about his ancestors, by recording the information for him. There are many, many possibilities for the genealogist to help others, and in a small way to repay those who have gone before us in this fascinating work.

Thank you in advance for all the help and advice you may share with me. Please let me hear from you this year.

Dear Fort Worth Genealogical Society Members

Time flies when you're having fun. It hardly seems possible that the first quarter of our year is nearly gone.

We have had three excellent programs, thanks to W. A. Satterwhite. We have mailed two issues of Footprints (when you read this), which were put together with loving care by Catherine Gonzales, and gotten to the right places by Pit Dodson, our Membership Chairman, W. A. Satterwhite, who wears a second hat as Mailing Chairman, and some very able helpers who prepare Footprints for mailing. We appreciate them very much.

Pit Dodson, who doubles in brass as Materials Chairman, has had all our forms reprinted and we have a good stock available at the Library, as well as the wide range of forms and other materials which Pit sells at meetings.

Ethel Miner keeps us up-to-date with our newsletter.

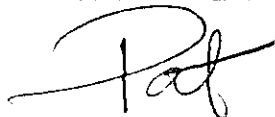

Barbara McLane did our new topical index, which allows us to make full use of our back issues of Footprints.

Weldon Hudson, assisted by Sherry Anrant and a committee of society members, conducted another successful workshop. Pit Dodson rounded up a record number of door prizes.

There are many other society members who are actively forwarding the work of our group who will be mentioned by name in future newsletters. Every one of them, with the people listed above, deserves a standing ovation. They all have my heartfelt thanks.

I'd also like to thank those who filled out the questionnaire on where the Society should go, and who indicated areas in which they'd like to be active. We haven't forgotten you, and will be calling on you shortly to pick up the responsibilities which you volunteered to take. We'd like to find out what those of you who weren't at the January meeting think. Copies of the questionnaire will be available at the Library or at subsequent meetings; we'd appreciate your filling one out.

Thanks a million to all of you.

Dear Mrs. Jackson: *Pat*

The resources of the Fort Worth Public Library have been developed through the judicious purchase of materials and the acceptance of many valuable and useful gifts. Donations of both money and books, periodicals, and other materials, as well as items of equipment and furnishings, contribute to the development of the collections and the support of library programs.

Because we depend on donations to enhance the quality of our library services, we are extremely grateful to the supportive citizens who show their regard by bestowing gifts on the library. I am pleased to acknowledge your gift of Genealogical Quarterlies donated on February 14, 1985.

Thank you for your generosity; we look forward to your continued and valued support.

Sincerely,

Linda

Dear FWGSers

The last four months (since I wrote for the May Quarterly, since we have to have a little lead time to produce FOOTPRINTS) have been busy and exciting for the Society. Several of our officers, directors, and members have accomplished great things for our organization, and I am going to take this opportunity to recognize them for their contributions, so that you can give them a pat on the back.

My strong right arm this year, is Pit Dodson, who wears two hats, one as Membership Chairman and one as Materials Chairman. You may have encountered Pit when she contacted you to renew your membership this year, since we didn't want to lose anybody who might have just forgotten. If you have attended a meeting or a workshop, you have seen Pit, with her sidekick and strong right arm, Editor Catherine Gonzalez, selling forms, FOOTPRINTS and miscellaneous doodaddies. Pit's had a lot of good ideas this year; one of them, to reduce our backlog of issues of FOOTPRINTS has borne great fruit. Not only has she sold over \$500 worth of the back issues, she has managed to save the Society \$40.00 a month by getting them out of one of the storage rooms and consolidating all our belongings into one storage space. Three cheers for Pit!

We're lucky to have one of the best teachers for beginning genealogists as a member of our society in Frances Malcolm. She shared her talents with more than fifty novices in an April workshop that was almost Standing Room Only, and netted the Society a handsome profit that couldn't come at a better time. Many, many thanks, Frances.

Marc Smith began a project when he was president three years ago, which, with the help of a few friends, including Christine Barr, who made hundreds of photocopies of those early pages of FOOTPRINTS and its predecessors that no one thought would be copyable, and Barbara McLane, who did typing for the project. Yep! The early volumes of the publication (did you know it was once titled THE PUBLICATION?) are now available on microfilm, so that they can be used at our library, and purchased by other libraries and individuals who want to make the best possible use of our new topical index. Now we need to move on to microfilming later volumes, but that's another story. We really appreciate the efforts which have gone into accomplishing this goal. Thanks to Marc, Christine and Barbara, and to any others who helped whom I may not know about.

Out of space already. More news next time.

Editor's Tips

No will? No way? Wrong. There ARE ways. Just because your ancestor failed to leave a neatly written will, properly probated, and filed for your use, don't give up on your research. Check with the county clerk or probate clerk for a probate package. Here you will find, if you are lucky, a neatly packaged stack of papers left by your ancestor, regarding his estate. Among the goodies to be found in a probate package are little scraps of paper that contain receipts for monies, receipted bills, the widow's signature or X on a paper relinquishing her dower, or as I found in South Carolina, a paper announcing the right of a son to administer the estate of his father.

Among other things I found in my probate package was a statement listing the property left by my fourth-great-grandfather. He left among other things two books. Now I feel certain that he was educated and could read. At that time many people signed papers with a mark, generally an X, but my third-great-grandfather signed his name with a flourish, when he stated his right to administer the estate of his father. Now I know what his handwriting looked like. It's fun to imagine these people of mine and to contemplate how they might have lived and thought.

Where do you find the probate package? Go to the county clerks office, and he will show you to the room where the file boxes containing the packets are placed usually on the top of high shelves. However, before you start looking through countless boxes, consult the probate index for the number of your particular package. Armed with this number, you can go right to the correct box. In South Carolina, I was sent to the room, and I had to climb up on a shaky step ladder to pull the boxes down for myself.

When you have the package in your hands, handle it with care. Remember that there are many descendants just as interested in this family as you are. NEVER, NEVER stoop to stealing even a tiny scrap of paper from the packet. I would love to have the scrap of paper signed by David Blair, but I could have it xeroxed, and that I did. There is a very special satisfaction that I have in looking at that xeroxed scrap of paper. *David Blair is very real to me today; something that he was not before I found him in South Carolina.* Ancestors are just shadowy figures from the past until one finds something truly personal that belonged to them.

Not everyone who died left a probate package. Sometimes it was neglected because of simple ignorance of the law. Some cases might have been because of carelessness, or because the estate was very small. Then again it might have been stolen by the descendant who got there before you. But probate packages do exist. Look for yours, and hold that scrap of paper in your own hands. It's a wonderful feeling.

How the year has flown! It seems like only last week that I became your president, and now it's time to pass the gavel to another. I want to thank all of you for the support you've given me during a difficult but happy year.

Special thanks are due to several very special people. When I became your President, my number one goal for the Fort Worth Genealogical Society was to get the Society on a sound financial footing. We have made economies, most of which were not visible, but the major share of the credit for this new financial stability goes to the two ladies who were our major moneymakers this year, Pit Dodson, our super saleswoman, and Frances Malcolm, whose two beginner workshops netted us well over a thousand dollars.

Thanks to Marc Smith for chairing the nominating committee, and to W.A. Satterwhite, who wore so many hats. Thanks to Elizabeth Schober, our Librarian, who spent countless hours working on our exchanges. Thanks to Catherine Gonzalez for another superb volume of FOOTPRINTS. Thanks to Mildred Smith for the work of the Publications Committee, and to Elva Robinson for the countless hours involved in being treasurer.

And very special thanks to a very special lady who will be leaving us soon. Ethel Miner has served the Fort Worth Genealogical Society as Corresponding Secretary, and, this year, as First Vice-President. She brought you the newsletter this year. She and her husband are moving to Phoenix soon. We will miss her very much.

Most of all, thanks to all of you who have made up the Fort Worth Genealogical Society during the year, and who have worked hard for its success. Thanks to you, we had a good year.

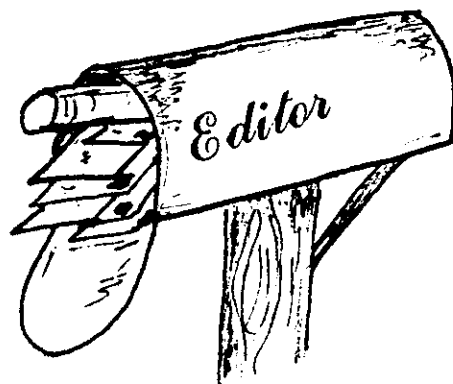

Sincerely

There is a wealth of research material just waiting for you in the genealogy section of the Fort Worth Public Library. The glass cases at the back of the genealogy room contain recent issues of many quarterlies. These quarterlies are from other societies all over the United States, and they have much valuable information to help you find out more about that ancestor for whom you are frantically searching.

For example, THE MAYFLOWER DESCENDANT, published by the Massachusetts Society of Mayflower Descendants, is back in publication after a period of almost fifty years. The publication, which has a sharp new look about it, is issued only twice a year. One innovation in publishing lies in the fact that it is punched for a three-hole binder, allowing the subscriber to separate and file material by subject. The magazine is available by subscription only; however, membership in the Massachusetts Society of Mayflower Descendants is not required for subscribers. While there are only two issues of approximately 100 pages each per year, these are filled with much interesting Massachusetts material.

Another example of a recent publication of note is the LANCASTER COUNTY HERITAGE in its second year of publication. This is a private enterprise, which has Peggy Sheets Manning as its editor. The book is also printed on acid-free paper, and a limited number of hardback copies will be made available at the end of each year. The choice of material is good, and the writing style is interesting. For one who intends to do research in Lancaster County, Pennsylvania, this quarterly is a must. For instance, one of the articles is written by Norma C. Hite, the Archivist for the Lancaster County Archives, telling about the many materials housed there. There are even good clear pictures showing the clean, well-arranged archival rooms.

Another publication which I found to be quite interesting is the CHRONICLES OF SMITH COUNTY, published by the Smith County Historical Society and Historical Commission of Tyler, Texas. The particular issue which I examined was devoted entirely to the small community of Starrville. It is packed with articles about families whose members are buried in the Starrville cemeteries or who lived within two miles of the town. There are church listings, cemetery listings, and even a biography of Joshua Starr, who was the founder of Starrville.
