Dear Sir:

The Joint Legislative Advisory Committee has been, for the past several weeks, studying the Transportation Routes of the various Counties of the State.

Article 5, Section 2 of House Bill No. 284 passed by the regular session of the 47th Legislature reads in part as follows:

"No transportation aid shall be granted for a pupil being transported out of his home school district if two or more receiving schools are applying for transportation aid from such pupil's home district unless the bus routes through such districts have been approved by the State Department of Education, and such approval confirmed by the Joint Legislative Advisory Committee."

In accordance with the above no transportation aid may be received by any district that transports children to more than one receiving district unless such routes have first been approved by the Department of Education and confirmed by the Joint Legislative Advisory Committee.

From the information at hand it was determined that there are some sending districts in your county that are served by more than one receiving district and a list of the approvals for the scholastic year 1941-1942 is attached and the recommendations of the Committee for the scholastic year 1942-1943 are indicated.

Should you desire additional information do not hesitate to call upon any member of the Committee, its Auditor or the Department of Education.

Yours very truly,

Dear County Superintendent:

I presume that you have already been sent a copy of the recommendations of the Joint Legislative Advisory Committee concerning transportation for 1942-1943. This is to advise you that the Attorney General has ruled that the Committee is unconstitutional and that under the law the State Board of Education takes the place of the Committee.

If the transportation approvals for 1942-1943 set up by the Joint Legislative Advisory Committee meet with your approval, then these recommendations will be followed. If any of the approvals are not satisfactory and you desire to appeal, I suggest that you study your county transportation set-up carefully and report to this office as soon as possible any changes that you would like to have made for 1942-1943 together with an explanation of these desired changes. As soon as this information is available, it will be presented to the State Board of Education for final approval.

RESOLUTION

Whereas, the Texas Constitution, Art. 1, Sec. 6 and 7 of the Bill of Rights states "No human authority ought, in any case whatsoever, to control or interfere with the rights of conscience in matters of religion."

Whereas, the American tradition of democracy supports the thesis that religious instruction should be wholly voluntary.

Whereas, the history of the world for more than a thousand years has taught all sane, sound and informed thinking people the troubles, confusions and often the crimes committed when church and state were working together.

Whereas, the child is in school less than 20% of his time during the school year and less than 15% of the entire year.

Whereas, the schools of Texas have been organized and supported for a definite program: The teaching of the elementary skills, the Arts and Sciences, the fundamental virtues which are the essentials of character and the building of citizenship.

Whereas, all subject matter taught in the public schools must be taught by a competent, legally licensed individual.

THEREFORE, BE IT RESOLVED THAT the County School Board of Tarrant County in regular session assembled passed the following:

1. Having the highest regards for the church, the spiritual kingdom of God on earth, its propagation and perpetuation for the good of mankind, hence we believe it would be lowering the church to connect it in any way with the state.
2. The state by statutory laws license instructors to teach definite subjects as Mathematics, History, etc., and as the state has never issued license to teach the Bible in the public school it would be a violation of law to teach it in the public schools.
3. The public schools have a designated legal mission to perform when they have done this they have done their duty. To fail to do their duty and waiver

Transcript of the orders of the Board of County School Trustees of County, Texas, at a meeting held on the day of 19, affecting the boundary lines of School District No. as certified by County Superintendent and ex-officio Secretary of County School Board.

It is ordered by the Board of County School Trustees that

their service to other fields, however worthy they may be, would be inexcusable. The old adage of working ones own field first applies to public schools as much as any other institution in the world.

4. The Texas Constitution forbides the state participating in any way in religious matters. It would be basicly wrong to edge in or in any subtle way to teach the Bible in the public schools. The Bible teaches us to live above fraud or deception to say nothing of infringements upon constitutional rights.

5. History relates many pitfalls to nations because the nations yoked together church and state; the traditions of our own nation are against such union. Then let us keep the public schools unquestionably free from such matters.

6. The children are in school during the nine-month school term less than 20% of the whole time and less than 15% of the time for the entire year, This leaves much time for religious teaching while out of school and might be one of the useful ways of spending spare time instead of loafing as some do.

7. In conclusion, we advise all schools and teachers to look well after their own fields, the teaching of the elementary skills, reading, writing, spelling and arithmetic; the upper grades the arts and sciences and all to the teaching of the basic virtues of truth, honesty, justice and sobriety (and all teachers live what they teach) which will go out into character and citizenship. All these things will prepare the grounds for the higher and more hold calling of the church. Then the two can work hand in hand for the good of our nation by keeping the two fields separated.

Texas Court Decision - Church v. Bullock, 104 Tex. 1, 109 S. W. 115, affirming Church v. Bullock (Tex. Civ. App.), 100 S. W. 1025. The holding in the public schools of exercises consisting of the reading of passages from the Bible without comment, repeating the Lord's prayer and the singing songs, in which pupils are invited but not required to participate, is not forbidden by this section.

Comment: Highly acceptable if carried on in this legal way.

KELLER ORDER

Mrs. C. O. Edwards introduced a proposed order and made a motion that it be passed. The motion was seconded by Mr. R. C. Williamson. The motion carrying with it the passage of the order prevailed by the following vote: AYES: Messrs. R. C. Williamson, H. C. Yancey and Mrs. C. O. Edwards and President W. E. Williams. NOES: None.

The order as passed is as follows: An Order With Reference To the Adjustment of The Indebtedness in Connection with the Transfer of Territory from Northwest Independent School District to Keller Independent School District.

WHEREAS, on June 8, 1949, this Board passed an order transferring certain territory from Northwest Independent School District to Keller Independent School District; and

WHEREAS, the territory thus transferred constituted a part of the former Haslet Common School District No. 97 which theretofore had consolidated with certain other districts forming said Northwest Independent School District; and

WHEREAS, prior to the time said land was transferred, the Northwest Independent School District had not incurred any indebtedness, and had not held an election to assume the indebtedness of the Haslet and other districts thus forming the Northwest District; and

WHEREAS, the school district indebtedness outstanding against the territory constituting the former Haslet Common School District, at the time said transfer was made, was \$4,725.00; and

WHEREAS, by said order of June 8, 1949, this Board transferred from the Keller District to the Northwest District territory in which the assessed valuation was \$28,180.00; and

WHEREAS, there were no school buildings or other school property situated on any of the land transferred between the districts; and

WHEREAS, at the time of the passage of the order of June 8, 1949, this Board was of the opinion that the amount of the Haslet School debt chargeable against the territory transferred from the Haslet area of the Northwest District to the Keller District was small, and that no monetary adjustment of the said indebtedness need be made or allocated against the Keller District, especially since certain territory was then being transferred from the Keller District to the Northwest District; and

WHEREAS, this Board has taken into consideration the value of the school properties and the taxable wealth of the districts affected and the territory so detached from the Northwest District and added to the Keller District and has concluded that to allocate \$10.00 of the said outstanding Haslet debt against the Keller District would be just and equitable;

BE IT ORDERED BY THE COUNTY BOARD OF SCHOOL TRUSTEES OF TARRANT COUNTY, TEXAS:

For the purpose of adjusting the school debt of the territory comprising the former Haslet Common School District, which is now a part of the Northwest Independent School District, there is hereby allocated against the Keller Independent School District \$10.00 of said indebtedness.

Transcript of the orders of the Board of County School Trustees of County, Texas, at a meeting held on the 5th day of October 1949, affecting the boundary lines of School District No. as certified by County Superintendent and ex-officio Secretary of County School Board.

It is ordered by the Board of County School Trustees that

Independent School District to Northwest Independent School District and transferring certain other territory from Northwest Independent School District to Keller Independent School District, and similar orders were passed by the County Board of School Trustees of Wise County on June 11, 1949, and of Denton County on June 13, 1949. The territory thus transferred was fully described in said orders, and included, among other land, the entire H. Davidson Survey; and

Whereas, each of said orders set out the metes and bounds of said Northwest Independent School District as thus changed; and

Whereas, at the time this Board passed said order, this Board had before it a map and a metes and bounds description of the territory being transferred, and a map showing the boundary of said Northwest Independent School District as such boundary would be after the making of such transfer; and

Whereas, the metes and bounds set forth in said order passed by this Board contain the following calls:

"THENCE South 940 varas to the SE corner of the W. Cox Survey and the NW corner of the F. Cuella Survey;"

"Thence South in the east line of said Survey to the NE corner of the J. H. Eastman Survey;"

; and

Whereas, the first call above quoted is incorrect in that the West line of the W. Houston and the West line of the F. Cuella Survey do not meet, and the Northeast corner of the H. Davidson Survey forms an inner ell in the Southwest portion of the W. Houston Survey; and

Whereas, on June 8, 1949, being the same date upon which the Board passed the order redefining the Northwest District, the County Board of School Trustees of Tarrant County passed an order redefining the boundaries of the Keller Independent School District as such boundaries would exist after the transfers of territory above mentioned, and correctly described the boundary between the two districts at the point mentioned in the calls above quoted, and similar orders were passed by the County Boards of Wise and Denton Counties; and

Whereas, the two other obvious typographical errors occurred in the record of the metes and bounds of said Northwest School District; and

Whereas, all of said errors should be corrected;

IT IS ORDERED BY THE COUNTY BOARD OF SCHOOL TRUSTEES OF TARRANT COUNTY, TEXAS:

1. That the calls above quoted from the order passed by this Board transferring territory from the Keller District to the Northwest District and transferring territory from the Northwest District to the Keller District and redefining the Northwest District are hereby amended and supplemented so that the same shall be as follows:

"THENCE South 940 varas to the SE corner of the W. Cox Survey;

THENCE East to the NE corner of the Davidson Survey;

THENCE South passing the NW corner of the F. Cuella Survey and continuing South to the NE corner of the J. H. Eastman Survey;"

2. That the following call in said order:

"THENCE North crossing the North Boundary line of said Bledsoe Survey and the South Boundary Line of the Wm. C. Hallmark Survey, approximately 1000 varas in all to the Northeast corner of a 100 acre tract in said Hallmark Survey conveyed to W. A. Lisby as shown of record in Volume 124, page 15, Deed Records of Wise County, Texas;"

is hereby amended and corrected so that the same shall be as follows:

 at a meeting held on the 9th day of November 1949, affecting the boundary lines of School

It is ordered by the Board of County School Trustees that

Thence South down the East line of the Meggs property in the Wm. J. Miller Survey

 Thence West down the precinct line to the Southwest corner of the G. H. Stanley Survey,

 vote: AYES: Mrs. C. O. Edwards, R. C. Williamson and W. E. Williams. NOES: H. C. Yancey.

The order is as follows:

**AN ORDER DETACHING PROPERTY FROM KELLER INDEPENDENT SCHOOL DISTRICT AND ANNEXING SAID
 PROPERTY TO THE BIRDVILLE INDEPENDENT SCHOOL DISTRICT**

Whereas, on June 8, 1949, the Watauga CSD No. 24 was abolished by an order of the Tarrant
 County School Board and a portion thereof placed in the Keller Independent School District,
 the Birdville Independent School District and the Saginaw Common School District No. 87, and

Whereas, a petition signed by R. E. Green, Sr. and 48 others was presented to the County
 School Board asking that certain territories described by metes and bounds be detached from
 the Keller Independent School District and placed in Birdville Independent School District, and

Whereas, the petition seemed in all things to be regular, and
 Whereas, it appeared that a majority of the legally qualified voters residing in the
 aforesaid described territory, signed the petition that the territory be placed in the Birdville
 Independent School District; and

Whereas, it appears that the aforesaid described territory to be detached from the Keller
 Independent School District is less than 10% of the entire district; and

Whereas, it appears that heretofore the Board of Trustees of the Birdville Independent
 School District, the district to which the annexation is to be made, approved by a majority
 vote the proposed transfer of territory and agreed to accept the territory if attached to
 the Birdville Independent School District; and

Whereas, the County School Board, under Article 2742f, Revised Civil Statutes of the
 State of Texas, has the authority to detach said territory from the Keller Independent School
 District and annex same to the Birdville Independent School District;

And now, therefore, the County Board of School Trustees of Tarrant County, Texas, by
 reason of investigations carefully made and from all facts and evidence submitted in this
 matter, finds, and it is the order and judgment of this Board:

1.

That the petition presented to this Board, signed by R. E. Green, Sr. and 48 others,
 asking that certain territories described by metes and bounds be detached from the Keller
 Independent School District and placed in the Birdville Independent School District, was
 signed by a majority of the qualified voters residing in the said territory to be detached.

2.

That the territory to be detached from the Keller Independent School District and
 annexed to the Birdville Independent School District is territory contiguous to the common
 boundary line of the two districts.

3.

That the above-described territory to be detached from the Keller Independent School
 District and annexed to the Birdville Independent School District, is less than 10% of the
 entire Keller Independent School District.
