No. 1178

The State of Texas, }
COUNTY OF TARRANT.

Commissioners' Court,

JUNE TERM, A. D. 1900.

To of Tarrant County:

THE COMMISSIONERS' COURT of Tarrant County, Texas, now in session as a Board of Equalization, has ordered me, as Clerk of said Court, to give you notice that they desire to raise the value of property rendered by you for taxation for the year 1900.

You are, therefore, hereby notified to appear before said Commissioners' Court on the day of 1900, to show cause why said Court should not raise the value of such property rendered by you for taxation for said year 1900.

WITNESS my official seal and signature at office in Fort Worth,

this day of June, 1900.

W. E. BUTLER,

County Clerk, Tarrant County, Texas.

By Deputy.

HOW TO OPEN THIS BOOK.

When you receive the certificate of apportionment from the State ask the County Superintendent to apportion the county available school fund and give you a certificate showing the amount apportioned to the school districts of your county, as directed by the County Superintendent in his apportionment. Open an account with *Certificates of Apportionment*; beginning on page 106, and charge this account with the balances from previous year on all certificates in your possession, and with the total apportionments as shown by the new certificates.

Open an account with each School District, beginning on page....., and credit each one with its balance from the previous year and with its *apportionment* for the current year.

Open an account with commissions and one with salaries, beginning on page....., and credit each with the amount set apart for these purposes.

Open a cash account, for which the first part of this book is to be used, and charge to said account all cash on hand.

HOW TO KEEP THE BOOK.

When you receive any payment on a certificate of apportionment credit the *Certificate of Apportionment Account* and charge the same to the Cash Account.

When you make a payment on the order of any board of trustees charge the amount so paid to the *School District* for which they are trustees, and credit your cash account; being careful each time to insert the sum paid in the proper column. *See that each voucher shows for what it is issued, and pay no voucher for any fund except as it is authorized by law.* Each voucher should also show from what fund it is to be paid.

When you pay any commissions, charge the same to the Commissions Account and credit cash, using the proper column.

When you pay anything on salaries charge the Salaries Account and credit Cash, using the proper column.

Upon the order of the County Superintendent make a transfer by charging the sum covered by any order to the district from which the transfer is made, and crediting the district to which it is made by the same sum. In each case *preserve and number* the order of the County Superintendent authorizing the transfer, which must give the names and ages of children so transferred.

When a Treasurer goes out of office, he should close all accounts and should carry the balance of each account forward on same page or to a new page. He should also do this on the 31st of August each year.

If a Treasurer comes into office during the school year, he should receive all books, vouchers and other official papers from his predecessor, and should pass his receipt for the same. He should see that the accounts are correct, and that the proper amount of cash is paid to him. He will be required to make a report at the end of the school year for the whole year, and for this purpose he should obtain all papers and documents from his predecessor, which will be needed in making a full report.

Please keep an accurate and neat record. Let your books show clearly every transaction. Preserve all vouchers to be used when your books are checked up by the proper officer.

Your attention is invited to the classification of the expenditures of the Available School Fund as made in the Treasurer's Register furnished by this Department for your use in keeping your accounts with this Fund.

CLASSIFICATION.

1. "For teachers, including principal or superintendent who teaches."
2. "For supervision of schools, county or city superintendents and county judges."

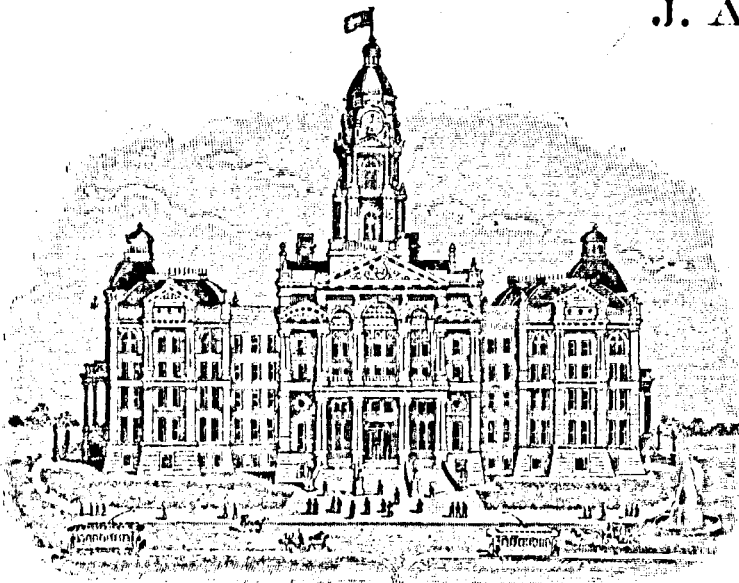

Hoping to have your co-operation in preserving and keeping complete records of all the school funds, I am,

Yours truly,

State Superintendent.

J. A. BALL,
COUNTY TREASURER.

Bankers and Citizens Co-Operative Life Insurance Co., Of Texas

An Old Line Legal Reserve Company
Chartered under Texas Laws

It Only Differs from Other Companies by
Giving the Profits to the Insured

Insurance at Cost with a Bank Account
for the Insured.

Continental Bank & Trust Co., of Fort Worth,
Depository for Fort Worth and Tarrant County

For Information see or write

W. D. BIRDSONG, Secretary and Manager
502 1-2 Main St., Fort Worth, Texas

The Bankers And Citizens Life Insurance Co. Is A Texas Product.

It is an Old Line Legal Reserve Company.

It was chartered January 13th, 1910.

It is regulated by a law of Texas written by former Insurance Commissioner, Thos. B. Love, and recommended to the Thirty First Legislature by Governor Thomas M. Campbell.

The purpose of the Law and of this Company is to give every man and woman of Texas an opportunity to co-operate for the purpose of self-insurance, and at the same time create a bank account in their own local bank as an emergency fund.

The plan is illustrated by supposing that one thousand persons in Fort Worth, Texas, each aged 35 years, deposited \$32.40 each in the Continental Bank and Trust Company of this city. The total sum of these deposits would be \$32,410.00. In connection with this deposit each person making the deposit has an insurance policy, of \$1,000, the terms of which are prescribed by the Laws of the State and which is a contract between the depositor and the Company providing that a certain part of the \$32,410.00 must be set aside for the sole purpose of paying death losses and expenses and the balance loaned out on farm mortgages and approved city or county bonds for the future benefit of these one thousand persons.

At the end of each year the profits of the business for that year are determined by the Actuary of the Company, whose findings are submitted to the Insurance Commissioner for his approval. If approved by him, then the amount found to be the profits of the year are divided equitably among the persistant policy holders.

These profits may be withdrawn in cash, or used to purchase additional paid-up insurance, or may be left with the Company at compound interest to secure future benefits.

At the end of the second policy year, if the Insured wishes to discontinue his policy, the same may be surrendered for the cash reserve of \$22.00 and any dividend added thereto and not yet withdrawn.

At the end of the third year the policy has a loan value of \$45.00 which can be secured on the sold security of the policy at 5 per cent. interest.

At the end of the fifth year, the loan or cash surrender value would be \$95.00.

At the end of the tenth year the loan or cash surrender value would be \$253.00.

In ten years you would have deposited \$324.10, and the policy now has a cash value of \$253.00. The difference amounting to \$71.10, is the cost of this insurance for ten years, or at the rate of \$7.11 per year. This does not include the dividends which are paid in addition to the above amounts and come to you in the way of compensation for the use of this money.

In fifteen years the loan or cash surrender value of the policy is \$469.00

At the end of twenty years the contract would be completed and you could then settle with the Company in any one of three ways.

If the dividends earned under the policy have been left with the company to secure additional benefits, you could select any one of the following settlements:

First.	A Paid-up Policy for.....	\$1,363.00
Second.	A Paid-up Policy for.....	1,000.00
	And Cash Dividend of.....	204.00
Third.	The Reserve and Dividend in Cash.....	770.00

The estimate of dividends does not take into consideration the earnings from the Mortuary account.

Under this contract the Insured is guaranted all of the profits earned, and is protected in his rights by the Insurance Laws of Texas.

The illustration applies to our Twenty Payment Life Policy.

At ages under 35 years the rates are proportionately lower, and at older ages the rates are higher.

Our risks are required to pass an examination by a first class physician and none but reliable banks handle the money of the Company.

For further information call on me at 502½ Main Street, or address P. O. Box 971, Fort Worth, Texas.

We write Ordinary and Twenty Pay Life.

W. D. BIRDSONG,
Secretary and Manager

This Comparison is made to show the difference between CO-OPERATIVE FRATERNAL INSURANCE and CO-OPERATIVE OLD LINE INSURANCE under the new insurance law and the Plan of the Bankers & Citizens Co-operative Life Insurance Company of Texas.

The Fraternal Insurance charges a person 35 years of age \$1.55 per month or \$17.40 per year.

\$17.40 per year for 20 years would cost \$348.00

No Cash Loans or Surrender Values.

The Bankers & Citizens Life Insurance Company charges a person 35 years old \$23.63 a year for 20 years which is \$472.60

Returns in cash the 20th year \$302.54 making the insurance cost \$170.10 or \$8.50 per year.

The Bankers & Citizens Life Insurance Company charges a person 35 years of age \$23.63 per year and loan on the policy as follows:
