INTRODUCTION

The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), enacted into law on May 20, 2009, consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program, and revises the Emergency Shelter Grants program and renames it as the Emergency Solutions Grants (ESG) program. The HEARTH Act also codifies into law the Continuum of Care planning process, a longstanding part of HUD's application process to assist homeless persons by providing greater coordination in responding to their needs.

Tarrant County Community Development has the responsibility of making use of ESG funds, as part of implementing a "Continuum of Care" to address the issue of homelessness and to coordinate activities with other non-profit service providers and organizations. This Request for Proposal (RFP) seeks to solicit proposals that will improve the quality of existing emergency shelters for the homeless and provide certain essential and preventative services to eliminate homelessness.

Tarrant County estimates receiving \$200,000 for program year 2022 for the Emergency Solutions Grant (ESG), as authorized under The McKinney-Vento Homeless Assistance Act, as amended by S. 896 "The Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009". For this Request for Proposal (RFP), Tarrant County anticipates awarding up to \$130,000 for *emergency shelter operations (utilities only)*.

Tarrant County will administer its ESG by contracting with local non-profit service providers who directly assist homeless individuals and families and persons at risk of becoming homeless.

ELIGIBLE ACTIVITIES

Tarrant County 2022 ESG funds can be allocated toward **Emergency Shelter operations costs**.

As defined in FR5474-1-01, subject to expenditure caps, **Emergency shelter** funds may be used for costs of providing essential services to homeless families and individuals and operating costs in emergency shelters. All emergency shelters must follow the HUD Equal Access to Housing final rule FR5359-F-02. **Allowable operational costs** may include utility and maintenance costs.

PROGRAM REQUIREMENTS

Coordination to assess the homeless and prevent homelessness will be provided by the Tarrant County Homeless Coalition’s centralized assessment system. Subrecipients must have active engagement and membership in the CoC to receive funding. Subrecipients must use HMIS and attend trainings to accurately enter data.

As the ESG program requires a 100% match, all proposals must indicate sources of match which will be in effect after the date of the grant award. Sources of match may include: 1) Cash; 2) the value or fair rental value of any donated material or building; 3) the value of any lease on a building; 4) any salary paid to staff to carry out the program; and 5) the value of the time and service contributed by volunteers to carry out the program.

To remain consistent with the Tarrant County-Fort Worth-Arlington CoC, Tarrant County Community Development will also follow Texas Department of Housing and Community Affairs (TDHCA) performance standards for emergency shelter. The following chart is from TDHCA.

Component	Persons to be Served	Outputs and Outcome Measures

2. Recommendations prepared for County Commissioners by Selection Committee.
